Ryan claimed there were over 36 million votes. Randy wasn't impressed w/ the song choices & thinks maybe they gave them too wide of a choice to choose from. Simon said Anoop, Matt & Megan should be worried.

The Ford commercial was fricking horrendous. They sang 'Mixed Up' as their bodies got all mixed up. Man, that's a fugly bunch. Then the group Lipsync was to 'Don't Stop Believin'. I guess that is proof though that this is the worst bunch of finalists ever that they can't sing live. The next segment was trying to show us just how hard they have it each week doing interviews, photo shoots, rehearsals, red carpets & so on.

We learned that Matt is an impersonator & he sang like Danny. Danny returned the favor. Anoop covered Kris. Allison also mimicked Danny.

The kids were divided into groups of 3. Megan, Matt & Kris. Adam, Lil & Allison. Scott, Danny & Anoop. Then we had to go to David Cook's taped performance & I had to pause when it showed the judges' table & we got a good laugh seeing the stand-ins & that the judges couldn't be bothered to listen to Cook sing. Ryan surprised Cook w/ his platinum record for selling over a million albums. Cook said he had an album out before AI that only sold 1000 in a year & now he's gone platinum in 3 months.

Kris was safe. Matt said he has no regrets. Ryan told him to take a seat... over there so April's Fools, Matt is safe. Megan was asked how she felt about what Simon said about her last night & she said she loves Simon but didn't really care. Ryan told her to also take a seat but she was on the other side & Megan was in the Bottom 3. I just love this girl though. She has been ripped apart everywhere & made fun of & called a bird & all that shit & she gave it right back to them & flapped her arms & cawed her way over. Love it.

So this let me know that my 1st thought was correct & 1 from each group was in the bottom. Lil was safe. Allison was in the Bottom 3. So overrated Adam was safe. Danny was also safe. So it's down to Scott & Anoop. Randy said Anoop should be in the bottom cuz Scott did his thing. Anoop agreed & they were both right. Anoop rounded out the Bottom 3.

Allison was safe. Megan was finally out. Even though she is the only person I really liked I am glad she is gone cuz no one should have to take the beating this poor girl is getting for nothing. The safe kids were flapping their arms & cawing. That cracked me up. Simon said when Megan said she didn't care, nor do they so the judges won't pretend to evaluate her performance tonight & she is out. Thank you Simon. We know you aren't saving anyone but your Chosen Ones so it's just a waste of everyone's time each week. Megan had me cheering as she got right in the judges' faces & sang her awful song. She messed up the lyrics too but it was still a way better performance than most still on that stage can ever do. Megan thanked everyone associated w/ the show & told her baby boy she's coming home.

Next week's theme is songs from the year they were born.

So what do you think? Post your thoughts in the AI forum:

I am always looking for writers to cover AI cuz musical taste is so subjective. If interested let me know. Or if you want to cover any of the other zillion reality shows I am always looking for those as well.
